ETM’s Project Management Certificate provides students with the knowledge and tools necessary to plan, organize, sequence activities, logically schedule, manage and control projects of any size. The courses introduce concepts in both the art and discipline of project management, including communication and leadership of technical people and various approaches to schedule and resource controls, including PERT, CPM, and Critical Chain.

The graduate certificate requires the following courses (12 credits):

- *E M 501* Management of Organizations or *E M 522* Leadership, Supervision and Management
- *E M 508* Legal Concepts for Engineering and Technical Managers
- *E M 520* Contract Project Management or *E M 530* Applications of Constraints Management or *E M 568* Risk Analysis and Management
- *E M 564* Project Management

Course descriptions and syllabi can be found at [etm.wsu.edu](http://etm.wsu.edu).
Washington State University’s online Engineering and Technology Management (ETM) program offers a master’s degree in Engineering and Technology Management and graduate certificates in seven specialized areas. Courses are designed to provide working engineers with the skills to manage projects, people, and technology. The program is tailored for professionals who want to advance their careers while still working fulltime. The program has been consistently ranked as one of the top 30 online engineering programs in the nation.

WSU is accredited by the Northwest Commission on Colleges and Universities (NWCCU).

All courses are offered online and use an innovative blend of traditional classroom instruction and the latest in video streaming and web conferencing technologies that allow courses to be delivered live to students anywhere in the world. Innovative program software allows faculty and students to interact with each other online. The convenience and flexibility of the program is ideal for the working professional. Mobile capabilities are also available. Classes are archived and available to review at any time.

An ETM graduate certificate requires four courses (12 credit hours) in specialized areas. A certificate is awarded upon completion of these courses. Course credits earned for a certificate may also apply to a master’s degree in the ETM Program or other graduate degree programs. A student may earn more than one certificate and may work on the certificate and master’s program concurrently.

Minimum requirements
- Bachelor’s degree (minimum 3.0 GPA)
- Transcripts
- Resume
- Personal Statement

WSU Admissions
Students must be admitted to WSU’s Graduate School to receive a graduate certificate.
